Subject: draft memo to Regional Administrator in Region 6 re: CEC Council Session

Hi Lisa,

As requested, and for your review, please find below a draft memo from Jane to Anne Idsal, Region 6 Administrator, announcing that the Council Session will be held in Oklahoma City and providing some background info on the CEC. Please take a look and let me know if you have any questions/comments.

Best regards,
Nadtya

Dear Ms. Idsal,

I would like to take this opportunity to inform you that the 25th Regular Session of the Commission for Environmental Cooperation Council, will be held in Oklahoma City, Oklahoma, on June 26-27, 2018. The Commission for Environmental Cooperation (CEC) facilitates collaboration and public participation to foster conservation, protection and enhancement of the North American environment for the benefit of present and future generations, in the context of increasing economic, trade, and social links among Canada, Mexico, and the United States.

The Council, currently chaired by the United States, is the CEC's governing body and is composed of cabinet-level environment representatives from Canada, Mexico, and the United States. The Council meets each year in Regular Session on its agenda for environmental cooperation in North America.

The agenda and logistic details for the 2018 Council Session are currently being negotiated among the three countries, and I will share it with you once it is available. Please feel free to contact me should you have any questions.

Best regards,

Jane Nishida
